North Adelaide DentalCare

October Newsletter 2026

Welcome to this month's newsletter!

Another month has flown by, and there's been a little bit happening both in and out of the practice! From new faces joining the team to family visits, overseas adventures and even a new furry friend, here's a little look at what our team has been up to lately.

When Dental Fear Becomes More Than a Toothache

For one of our patients, dental anxiety led to years of delaying treatment for an upper tooth that caused recurring pain and swelling.
Eventually, the infection became life-threatening. After developing facial drooping, confusion and blurred vision, he was hospitalised and diagnosed with septicaemia (blood poisoning) linked to a serious dental infection. He spent several weeks in hospital receiving intravenous antibiotics.

His experience is a powerful reminder that dental infections should never be ignored, even when symptoms seem to settle.
At North Adelaide Dental Care, we understand that dental anxiety can make seeking treatment difficult. Sedation options may help eligible patients feel more comfortable and confident about getting the care they need.
Now receiving treatment and ongoing preventative care, our patient hopes his story encourages others not to wait.
Don't let dental fear stand in the way of your health. Talk to our friendly team about how we can help you take the first step.

📞 If dental anxiety has been holding you back, talk to our team about how we can help you take that first step.

Welcoming Shashi.

We welcome Shashi to our management team, she brings a wealth of experience in Perth and Melbourne to our NADC team.

Busy week? We're open Saturdays for your hygiene appointment.

Book online or call (08) 8267 1894

Updates

Khizran's trip to the USA!

Khizran is off to the USA to attend a wedding! It sounds like an exciting trip and a wonderful opportunity to celebrate a special occasion. We hope the travels go smoothly and the trip is filled with plenty of happy memories, fun experiences and time to enjoy the celebrations.

Family Time for Rawin

Rawin has enjoyed a special visit recently, with family travelling from overseas to spend some time together. Having loved ones visit from afar is always a lovely opportunity to catch up, share stories and make new memories. We hope it was a wonderful visit and a chance to enjoy some quality time together!

Brighton Dental Care is now officially open in its new location!

Our Medetec team worked behind the scenes to ensure everything was installed and ready to welcome patients into the new space.
A fantastic team effort all around, and we're proud to have played a part in bringing this new space to life!

A New Addition for Sharon

There's a new furry addition to Sharon's household! Welcoming a puppy has certainly brought some excitement, along with plenty of puppy-proofing, adjusting to a new routine and a few interrupted nights. It sounds a little like having a new baby in the house! While there's plenty to get used to, we're sure the cuddles, playful moments and companionship will make it all worthwhile. We look forward to hearing how the newest family member settles in!
